DEWAN'S OFFICE.
Received on
12. JAN. 1927
Reg. No. 69 DCL

17) Draft may issue after Dewan's approval as appointments are definitely promised.

18) After issue, the file may be sent to L.L. Secy for opinion whether ~~stamped~~ agreements should be framed from these men before they leave — for Govt's use — from the Govt Scholar that he will repay the whole scholarship, & from the others that they will forfeit say 1000 Rs in case they did not accept any appt that might be offered within 6 months after their return (the usual bond). The words appropriate appointments used in the present bonds which are the sent to Dr Kendrick (& which are not stamped) are liable to be misinterpreted & they might say that any offered is not suitable! The Secy should have foreseen this & asked the form to be sent by L.L. Secy. (Appointment in Dr Kendrick's letter really means Health appt & not ~~permanent~~ appt with a good salary.!)

19) It seems unnecessary to send fresh bonds to Dr. Kendrick. But Govt ~~have~~ because have taken them in their interest & L.L. Secy thinks it necessary

GEN. C. & V. SECTT. 19. NOV. 1926 G. D. SECTION.

To The General Secretary, to the

Government of His Highness the Maharaja of Mysore

BANGALORE.

Sir, *No.* 1558/26 *dated* 16th Nov., 1926.

I thank you for your letter No: G 4948/Sany/-26 dated 13th November, 1926, with the enclosed particulars of the candidates for International Health Board Fellowships.

2. In order that our records may be complete I shall be obliged if you will forward to each applicant a copy of the enclosed yellow sheet and have them fill in the blanks and forward them to me.

3. Each of them should complete the "Record of Immunization" form also, and have themselves examined by a qualified medical man who will complete the "Report of the Medical Examiner".

4. These completed forms, together with official statements from Government and from each individual applicant that ".....the candidate will receive, and accept an appropriate appointment upon the completion of his fellowship", should be forwarded to me as soon as it is convenient to do so.

5. I regret that I neglected to forward copies of these blanks along with memorandum No:7664.

I have the honour to be,
Sir,
Your most obedient servant.

Office of the Senior Surgeon and
Sanitary Commissioner
in Mysore

Bangalore, dated 15th/20th November 1926

Sam 1-26-29

20/11/26

Dear Sir,

In continuation of my D.O. letter No.G.C. 197 dated the 5th November 1926, I write to inform you that Doctor Kendrick examined the marginally noted six candidates to-day and selected (15.11.26) the following four for deputation to America.

1) Mr. A.B. Renu.	1) Mr. C.V. Natarajan.
2) " C.V. Natarajan.	2) " M. Ramachandra Rao.
3) " M. Ramachandra Rao.	3) " T. Chandrasekharaiya.
4) " M. Tirumulaswami Naidu.	4) " B. Ananthaswami Rao.
5) " T. Chandrasekharaiya.	
6) " B. Ananthaswami Rao.	

2. Dr. Kendrick further informed me that it will be sometime during May 1927 that these candidates will have to sail for America. Until then, it seems to me that the candidates may, with advantage be given a preliminary training under the Government Entomologist, in the dissection and identification of mosquitoes unti January next and thereafter their services utilised for the next few months for the malarial survey which is expected to be set on foot in selected areas in the Malnad districts during January or so. I suggest that each of them be given a stipend of Rs 50/- a month during this preliminary training in India and request the favor of very early orders being obtained and communicated to me on these points.

Yours sincerely,

[signature]

To

R. Ranga Rao, Esq., B.A.,B.L.,
General Secretary to Government,
Bangalore.

D.O. No. C57-45(6) Office of the Sanitary Commissioner with the Government of Mysore,
Dated Bangalore, 9th March 1927.

Sany 1-26-53

Urgent

Dear Sir,

With reference to your D.O. No.G.9779/Sany: dated the 5th March 1927, I append below, after consulting the Government Entomoligist, a skeleton of the entomological course which the students may usefully undergo under Dr. - Kunhi Kannan before proceeding to America.

House Fly
Musquito
Flea
Tick
Cyclops or any other copepad
Life History work (actual rearing) of fly musquitoand flea.
Dissection of house fly, musquito,tick.
Identification of a few species of musquitoes Flies and fleas and blood sucking bugs.

About 3 months will be required for this course,confining attention to a study of external character of the above insects. If time permits, it would be desirable for the candidates to follow up the short course by a visit to selected Villages both in the malnad and in the Maidan so as to find out for themselves the places where the insects breed and make collections for identification and study.

2. I propose that only 3 of the 4 students may receive the Entomological training. The fourth viz., Mr. C.V. Natarajan, may receive a training in the Public Health Institute instead, so as to make himself familiar with the details of bacteriological techinique.

3. The stipends payable to each of the four students represents all the cost involved. It may aggregate to about Rs. 500/- assuming that the training is to commence from the 15th instant and lasts till the end of May next. It may be met out of the savings available out of the pay of the Director of Public Health Institute.

Yours Sincerely,

M M Mahmood

for International Health
and Fellowships

1. Mr. B. Ananthanarayana Rao
2. " C.V. Narayan
3. " Ramachandra Rao
4. " T. Chandrasekharaya

Sastri, Coorg
The Hon'ble Rajkumar Lyngdoh states that
it is necessary that
all of these should undergo
preliminary training for
period of about three months
He has proposed that the 4
Candidates might
receive training under the
Entomologist and the
would trained in the P.W.D.
Office as to make themselves
familiar with the details

Sir,

In continuation of G.O. No G 10442-Samy 1-26-56 dated the 22nd March 1927, calling the ~~names of the candidates~~ medical Examination selection of ~~candidates~~ to be deputed to America for Anti-Malaria Training, I am directed to

over

state that it is
desireable to fix
~~a~~ minimum ~~scale~~ of pay to be
given to three candidates
on their return,
~~after completing their~~
~~Course of training~~
I am accordingly
(hereby)
to request leave to
be so good as to ~~find~~
send the scale of
~~pay of the Class~~
~~of officers in Madras~~
and suggest a
reasonable scale
of pay that might
be given to them on
their return to this
country after ~~three~~ four years
~~practice~~ service

Should your proposals on this point, receive favourable consideration, may there then be debarred from private practice.

Should this be so, may I then be allowed to suggest a scale of pay given to this class of officers in Madras Province.

for candidates

may be

have debarred

No. C.833-3.

Enc....

Office of the Sanitary Commissioner
with the Government of Mysore,

Bangalore, dated the 29th April 1927.

From

B. Mahomed Usmon Esq., L.M. & S.,
Sanitary Commissioner with the Government of
His Highness the Maharaja of Mysore, Bangalore.

To

R. Ranga Rao, Esq., B.A.,B.L.
General Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

In reply to your letter No. G.11366/San. 1-26-67 dated the 25th April 1927 about the pay which may be given to the four Medical Graduates on their return from Amercia, I have the honor to invite reference to my letter No.C.833-2 dated the 14th April 1927 proposing that they may be started on Rs 150/- in the grade of Rs 150-15-365. This proposal is made after very careful consideration and with reference to the prospects at present open to men with qualifications similar to those held by the candidates. Had these men not been chosen for deputation to Amercia but had entered the Medical Department just as so many others, they would have been given an initial pay of Rs 80/- and would have taken at least seven years - possibly more - to reach a pay or Rs 150/- as Assistant Surgeons of the last grade. Whereas now they will get Rs 150/- immediately on their return from Amercia, - which measured in terms of seniority will place them at least seven years ahead of their compeers in the Medical Department

Putting it in another way, a Medical Graduate who has qualified himself in 1926 and who takes up service immediately in the Medical Department would draw a pay of Rs 80/- now; and, if he is fortunate enough, he may expect to be drawing Rs 150/- in seven or eight years. The candidate who returns from

Amercia would, on the other hand, be drawing Rs 150/- immediately on appointment and by the time the other Medical Graduates can attain his Assistant Surgeoncy on Rs 150/- he would be already in possession of assured prospects on a pay of at least Rs 255/- in the grade of Rs 150-15-365. For but a year's training in Amercia - with expenses met either by Government or by the International Health Board - and in fairness to the claims of officers in the allied Medical Department no further concession as regards salary would appear justifiable.

2. I have no information as to what initial pay is given to similar officers in Madras. I have written to the Direct of Public Health, Madras, and as soon as a reply is received, I shall address Government further on the subject.

I have the honor to be,

Sir,

Your most obedient servant,

Sanitary Commissioner, M.G.
